

<i>Department of Electronics and Communication Engineering</i>	
<i>Shri Jayachamarajendra college of Engineering, Mysuru-570006</i>	
NETWORKING LABORATORY	
• Staff In-Charge :	Prof .Vinay Prasad Assistant Professor
• Technical / Supporting Staff :	Yogesh M Lab Helper
• Facilities Available :	1. Standard PCs meeting specifications to support modern application softwares. 2. MS Windows and GNU Linux OS. 3. Computers connected to internet and campus-wide LAN or wifi. 4. Softwares-Cisco Packet Tracer 5. IOT Learner Kit
• Utilization :	This laboratory houses high end computer systems, all the systems are installed with packet tracer software. Student will be exposed to practical aspects of networking. The students will be able to build packets and analyze the functions of each layer of OSI Model. They will detail learn about different types of protocols. They may also be used for student project works.

Network and Simulation Lab
