

Academics

1. Subjects Taught:

- **Biological Thermodynamics and metabolism**
- **Momentum transfer and Mechanical operation**
- **Bioprocess engineering and Stoichiometry**
- **Heat and Mass transfer operations**
- **Bioreaction Engineering and Bioreactor design**
- **Bioprocess control and instrumentation**
- **Bioprocess technology**
- **Enzyme Technology and Biokinetics Laboratory**
- **Unit operations Laboratory**
- **Bioprocess control and instrumentation Laboratory**
- **Downstream processing Laboratory**
- **Principles of Bioengineering Laboratory**

2. R & D Projects Executed

Nil

3. List of Ph.D students and projects

Nil
