

Technical Events

SI No.	Particulars	Date	Type of Event
1.	Five Day National Level Seminar on “MultiMedia Data Analysis”	26/04/2016 – 30/04/2016	National Level Workshop
2.	Three Day National Level Seminar on “Mathematics behind Machine Learning”	21/08/2014 – 23/08/2014	National Level Workshop
3.	Two Day Workshop on “Recent Advances in Machine Learning”	15/05/2013 – 16/05/2013	Workshop
4.	Sample Course Modules Developed	-	-
5.	Recent Advances in Health care Management using Handheld Devices	28/01/2014	One Day Workshop
6.	Two Day workshop on Android Application Development	27/09/2014 – 28/09/2014	Workshop
7.	Tran cranial Magnetic Stimulation: Science, Diagnostic and Treatment of Human Brains	26/02/2015	Research Talk
8.	ICT Workshop	09/04/2015	Workshop
9.	Web Application Development	10/10/2015 – 25/10/2015	Finishing School
10.	Student Internet World	25/02/2016 – 26/02/2016	Two Day Workshop
11.	Spiking Neural Networks and Neuromorphic System: Understanding and Modeling the Human Brain	22/06/2016	Research Talk
12.	A Powerful Platform to build web and Mobile Apps that scale automatically	17/09/2016 – 27/09/2016	Finishing School
13.	Windows System Fundamentals	19/09/2016 – 27/09/2016	Finishing School

14.	Multiclass Binary Coded Genetic Algorithm based classifiers for indentifying Biomarkers associated with severe diseases	08/12/2016	Technical Talk
15.	Student Internet World	15/12/2016 – 16/12/2016	Two Day Workshop
16.	IOT and its application to develop smart city solutions	24/01/2017	Technical Talk
