

Academics

1. Subjects Taught:

- **Basic Thermodynamics**
- **Applied Thermodynamics**
- **Mechanical Engg Science**
- **Computer Aided Engineering Graphics**
- **Workshop Practice**
- **Energy Conversion Engineering Laboratory**
- **Heat and Mass Transfer Lab**

2. R&D Projects Executed

UG Final year Projects guided (in the reverse chronological order)

- **Experimental Investigation on Emission and performance Evaluation of Diesel Engine Fuelled by Composite Biodiesel**
- **Study on Thermal Power Plant and performance Analysis of Heaters**
